

AUTOMATIC SPRAY GUN CLEANERS

Cascade Automatic Spray Gun Cleaners clean the interior and exterior of spray-guns and pots in **under 60 seconds**

ECONOMY MODELS

UG110

- Cleans 1 Paint Gun and Pot using wash timer
- No pails included

UG110

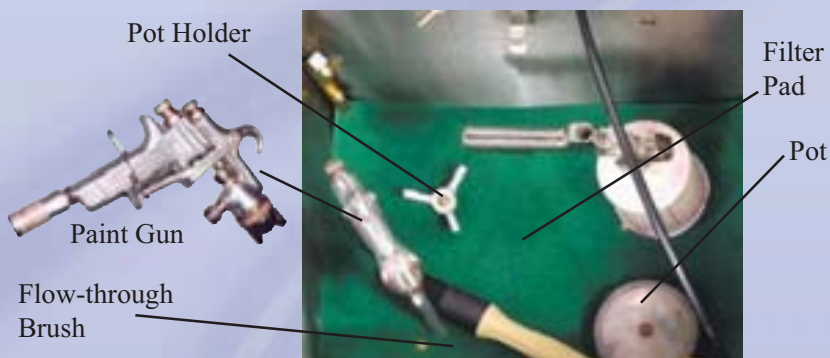

UG2000D

- Same as UG110 except it cleans 2 guns and 2 pots
- UG2000DM also available (includes Flow-through brush)

UG2000D

Stainless Steel Wash Tank (UG2000D & higher)

Getting Ready For The Next Paint Job is Quick and Easy

- 1 Load the Stainless Steel Tank with dirty guns and pots.
- 2 Activate the wash, simply by turning one Timer. In under 60 seconds, your guns and pots are clean and ready for action. Streams of solvent from jets and nozzles wash paint from the inside and outside of guns and pots.
- 3 Wash Solvent returns to Wash Pail for reuse.

On All Models

- Wash cycle is powered by heavy-duty dual DIAPHRAGM PUMP, complete with air pressure regulator.
- CE approved and Factory Mutual (FM) approved on popular models.
- Automatic shut off when lid is raised.
- Cleaning tanks, suction pipe, delivery tubes & rinse pump are constructed from corrosive resistant stainless steel.
- Polished stainless steel tank.

SPRAY GUN CLEANERS

MODELS WITH AUTOMATIC WASH & RINSE

- Clean spray guns automatically in under 60 seconds
- Enhanced Cleaning cycle consists of Wash, Air Flush, Clean Rinse (100cc) and Air Flush
- Cleans 2 Spray Guns and 2 Pots
- 14 Swirl Action Jets

Standard

- Built-in Vent for automatic fume extraction with Vent Control
- Non-corrosive HDPE Pail; operator sees the solvent level

See each model for Distinctive manual Cleaning

UG4000D

- Manual Cleaning using Flow-through brush; clean solvent flow activated by foot pedal
- Tank Size: 17.25 x 13.5 x 14.25 (WDH")
- One wash pail on floor inside cabinet

UG6000E

- Manual Wash using a Flow-through Brush to clean outside of Spray Gun, Spigot to clean inside of Spray Gun
- Regulated solvent flow to the Brush and Spigot is Pump driven and activated by separate foot pedals
- "Combo Ready" (ready for connection to a Uni-ram "EP2" Series Solvent Recycler)

The UG6000E goes beyond the UG4000E

- Larger Tank Size: 20 x 17 x 14.25 (WDH") vs 17.25 x 13.5 x 14.25 (WDH")
- 18 Gauge polished stainless steel body vs 22 gauge
- Enhanced manual cleaning

PLUS MANUAL CLEANING

UG7500E, Top Of The Line

Flow-Trough
Brush

Spigot

Wash Tank

Automatic Wash Tank

Accessories included with all Gun Cleaners

- Adapter Tube for pressure fed and gravity guns
- Trigger Holding Clamp and a Knurled Nut to prevent solvent entering air passage of Spray Gun
- Adapter Tube for effective cleaning of PPS Adapter
- Operator's Manual

THE COMPLETE SOLUTION FOR CLEANING SPRAY GUNS

Uni-ram Spray Gun Cleaner with Automatic Solvent Recycling

A Uni-ram RECYCLER eliminates the Need to Haul Dirty Solvent Off-site for disposal providing a "GREENER" shop operation

COMBO5E60

UG6000E

URS500EP2

- A solvent recycler provides clean solvent every day. Clean solvent washes spray guns better and faster.
 - Eliminates unnecessary solvent purchases. Dramatically lowers solvent purchase and disposal costs.
 - Recycles solvent from the spray gun cleaner at the press of a button; easy to use.
 - Continue to clean spray guns while the recycler operates.
 - Recycler certified to UL Standard 2208 and CSA 22.2, No. 88. Approved for use in non-hazardous and in hazardous locations, Class 1, Division 1, Group D.
- Spray Gun Cleaners are described on previous pages

URS500EP2 High Performance Solvent Recycler

- Fast Cook Times 4-6 hrs
- Effective Waste Residue
- Power Supply: 120 V, 1500 W Heater
- Recycles 5 Gal (20L)

COMBO655

All-in-one stainless steel cabinet

- Smaller footprint
- 120V, 1500W, 5 Gal High Performance Recycler
- Gun cleaning has features of the model UG6000EH

URS500EP2

UG7500E

COMBO5E75

Top-of-the-line Spray Gun Cleaner with manual and Automatic wash and rinse features.

Other Combo Models include the COMBO5E40, COMBO9E40, COMBO9E60, COMBO6E75. The models with "9" before the "E" have a 240V, 2100W Heater, those with a "6" before the "E" have a 240V, 1500W Heater, those with a 5 have the same features as URS500EP2

HEALTH AND SAFETY BENEFITS

- CE Certified and popular models are UL approved
- Safety Switch terminates cleaning cycle when lid is raised
- Automatic cleaning is “Hand Free”. Operator has minimal exposure to solvent.
The solvent pail is kept inside the cabinet
- Most models have a built-in vent for automatic fume extraction

ENVIRONMENTALLY FRIENDLY

- Wash Solvent is re-used until dirty
- Dirty Solvent can be recycled using one of Uni-ram’s family of Solvent Recyclers

AUTOMATIC CLEANING HAS MOVED AHEAD OF CLEANING BY HAND

- Cleaning Spray Guns is faster and easier
- Cleaning is “Hands Free”, less contact with solvent
- Staff enjoy cleaning with Uni-ram Gun Cleaner
- Solvent consumption is lower by up to 90%
Solvent is re-used and can be recycled
- Lower solvent use means lower solvent cost and a **“GREENER OPERATION”**

Description: Top Loading Automatic Spray Gun Cleaner

Power Supply: Compressed air at a minimum of 85 PSI, 2 CFM

Items Cleaned: Spray Guns (siphon, pressure, gravity feed) and pots

Compatibility: Solvent or aqueous cleaners
